

In these unprecedented times of isolation, Doncaster Partnership for Carers and Doncaster Parents Voice are offering

TELEPHONE COUNSELLING AND BEFRIENDING

For all carers living in Doncaster as well as up to date information and advice on services which can support you at this time of Isolation and cuts in services, all of which have had a massive impact on family carers health and wellbeing.

If you or any one you know is caring for a family member including a child with SEND please call 01302 637566 to either self-refer or refer someone else for this vital support at a time when services that would normally support families have either been closed or reduce. We know from feedback already received from family carers that most are feeling ignored and are worried about what happens if they become ill or have to self-isolate

Our volunteer telephone befrienders can offer a listening ear and information on local support available

Counsellors can provide a vital support for Carers who need more than a listening ear

Funded by COVID19 DMBC Fightbackfund
