

## Change Team Priorities 2019-2020

Curriculum and Pedagogy Team				
We will research an appropriate <b>computing curriculum</b> that meets the needs and entitlements for learners at all levels.	We will work in consultation with other professionals and parents to develop an <b>RSE curriculum</b> that provides essential lifelong learning for our students.	We will identify strengths within our current curriculum and develop skills and networks to improve and <b>widen our provision for arts, music and culture.</b>	We will develop wider links for formal sports as well as developing <b>therapeutic movement and PE</b> throughout the curriculum to promote healthy living and lifestyles.	We will ensure <b>all students achieve accreditation at an appropriate level during 6<sup>th</sup> form</b> which enables them to make an appropriate and informed choice about their future. (including post-16, post-19 and careers)
Happy Centred Schools (HCS) Team				
We will review, research and develop our <b>Social Emotional Mental Health (SEMH) provision</b> for both pupils and staff	<b>Entitlement &amp; Enrichment offer including No Limits Clubs.</b> We will review our current practice and identify areas of success and improvement, celebrating our pupils achievements.	<b>Play Schemas</b> We will research how we can develop Happy centred skills through play.	We will implement <b>Maths and English through the whole school curriculum including HCS.</b>	We will <b>develop the HCS Programme</b> throughout school
Outdoors Team				
We will <b>maintain the farm to a high standard</b> , ensuring health and safety is paramount and develop the teaching and learning on the farm to a gold standard.	We will continue to <b>develop forest school</b> in line with relevant research, health and safety and our pupils' priorities.	We will develop awareness about <b>outdoor learning</b> and the importance this has on children's social, emotional and mental health from research evidence.	We will improve our school environment, taking pride in our presentation and work towards becoming an <b>eco-school.</b>	We will improve the application of <b>Maths and English in the whole curriculum including the outdoors.</b>
Parents and Families Team				
We will <b>improve parental engagement</b> informed by Education Endowment Trust Research.	We will develop a consistent approach to <b>EHCP procedures and protocols</b>		We will offer opportunities to <b>celebrate learning and achievement with parents, carers and pupils</b>
