Dear Parent / Carers

Hoping you are all staying safe and well and coping with the demands and challenges of lockdown.

We would like to say a massive THANK YOU for working with us during this strange and unprecedented time. We understand that your child will be finding this a challenging time for a variety of reasons and we are grateful for how you have worked with staff, through phone calls, to do the very best to meet these challenges. Remember, we are here to answer questions, give advice if we can, find out information for you, offer ideas to support learning at home and just to be a listening ear if needed. So many of you are also sharing lovely photo's, video's and stories with the staff which keep us smiling too!

We hope your child has enjoyed watching our Home Learning Videos on the Coppice School Website. As well as providing something to keep them entertained, we also hope it will help them to see familiar faces and hear familiar voices. This will also help with transition back into school when the time comes. We will be adding more over the coming days so keep checking out our website.

Like us, many of you will be wondering about how your child will cope with returning to school (when that happens) and we want to reassure you we will be putting a lot of planning and preparation into this process, to make the transition as smooth as possible. Please discuss any questions you may have with the class teacher during their calls with you and we are sure we can work together to make this as successful as possible for your child.

Finally, we will communicate with you regularly, to share plans for when and how school may return, once The Government has announced their instructions on how this will happen.

We understand everyone is keen to return to 'normal' and we are excited about seeing Coppice full of life once again. In order to do this, we will always follow the advice from The Government to ensure this is carried out safely and effectively. This is our main priority.

Many thanks for your continuing support.

Sending you all our love and best wishes.

Karl, Linda and Tracey
